SPEED KING OF FEDS. Manager Lee Magee of Brooklyn Playing Best Game of His Career.

Baseball experts are beginning to think that the game is showing improvement. They call attention to the speed on base lines and in the field which is being shown by Manager Lee Magee of the Brooklyn Federals. Despite his cares as leader of the team, Magee is playing the best game of his career. According to last week's figures, he is leading the batters of the Federals, as well as having more stolen bases to his credit than any other base bases to his credit than any other base runner in the independent league. His fielding, too, has been a revelation even to those who have seen his bril-liant work previously.

probable the boys in the Federal league are as good as any in the older cir-cults. Spectacular no more than justly describes the clever fielding of Mann

and Flack, the Chicago outfielders, and the latter particularly is showing much speed on the paths.

Another fast base runner is Dalton, last year one of the leading batters of the National league. Now with the story were regarded as of more importance than the day's rather inconclusive session on the stock exchange. Anderson of Brooklyn, Chadbourne of Kansas City and Deal of St. Louis of Ransas City and Deal of St. Louis are others gaining praise for their fast fielding, and well up among the speedy base runners are Ernie Johnson of St. Louis and McKechnie of Newark.
